Ten Second Book Review

George Muller's name is not as well known anymore, which is a tragedy for 3 reasons: he single-handedly began a Christian movement in 19th century Britain that grew to house, feed and educate 10,000 orphans in his lifetime; he was an astonishing example of faith in that he launched and maintained the enterprise without asking for a shilling, except to bring his needs before God alone; and he was influential at the genesis of the Brethren movement in the late 1820s. His story is captured in Roger Steer's biography George Muller: Delighted by God.

Missionary Minute

In April John Horner traveled to the country of Moldova on a mission trip with his son's church from the Sudbury Area. Moldova is a former republic of the Soviet Union with significant poverty, and is the poorest country in Europe (per capita). A team of over 20 adults from Bethel Baptist Church (BBC) spent 10 days working on the construction of a church in the village of Lozova.

BBC is supporting a missionary couple stationed in Moldova and also helping to fund the construction of a Church in the village. The Church will be used for much more than "Church services". On a daily basis it will be a centre for children where they will get help with their homework and in most cases their only hot meal of the day.

The initial plans were to participate in construction of the building structure itself but God had other ideas. Due to some minor delays in the construction schedule the team found themselves tasked with building the foundation for the Church. It would be fair to say more than just a physical foundation was built during that week in Moldova.
